

Individual Relief Chest Scheme

An Individual Relief Chest (IRC) provides many benefits to donors:

- A simple scheme, helping you efficiently manage your charitable giving
- Complete control of how you support your chosen charitable organisations
- Not restricted to Freemasons' – Invite family and friends to open their own IRC

Costs

There is **no charge** for opening or administering an Individual Relief Chest.

Gift Aid

When you complete a Gift Aid Declaration during the registration process, Gift Aid is claimed on your behalf, generating an additional 25% on your eligible donations.

Donating with Gift Aid means we can claim an extra 25p for every £1 you give in the form of tax relief. To enable us to claim Gift Aid, a declaration must be completed.

Gift Aid doesn't cost you anything or affect any aspect of your finances or tax status and we manage the administration with HMRC.

If you pay higher rate tax, you can claim the difference between the higher rate of tax and the basic rate of tax on the total 'gross' value of your donation.

Ease of donating to your chosen charity

Donations from your individual Relief Chest to your chosen charity(ies) are made automatically and you can select the frequency of the payments to each charity*. All organisations are validated before we process your donation to ensure that they have been established for charitable purposes. You can rest assured that your money will be used to make a difference.

You can donate to any recognised charity or charitable organisation, which we will validate on your behalf.

Donations can be made to as many charities as you'd like. There are no limits to the number of charities you can donate to.

Donate without the fuss of further communications from the charitable organisations you gift to – We will only pass your details to your chosen charity if you have authorised us to do this.

Annual Statements

Detailed statements will be provided on an annual basis providing details of your charitable giving throughout the year.
